  - Configuring the Semester
- Study Time Analysis
  - Understanding Weekly Study Requirements
  - Logging Study Sessions
- Dashboard Overview
  - Exploring the Module Catalog
  - Monitoring Remaining Study Hours
- Troubleshooting Tips
- Support Contacts
- Conclusion

## **1. Introduction:**

Welcome to Kaitlyn's Study Manager, a feature-rich web application designed to elevate your study management experience during the academic semester. This user manual aims to guide you through the features and functionalities of the web app, ensuring you make the most of its capabilities.

## 2. Getting Started:

### *Accessing the Web App:*

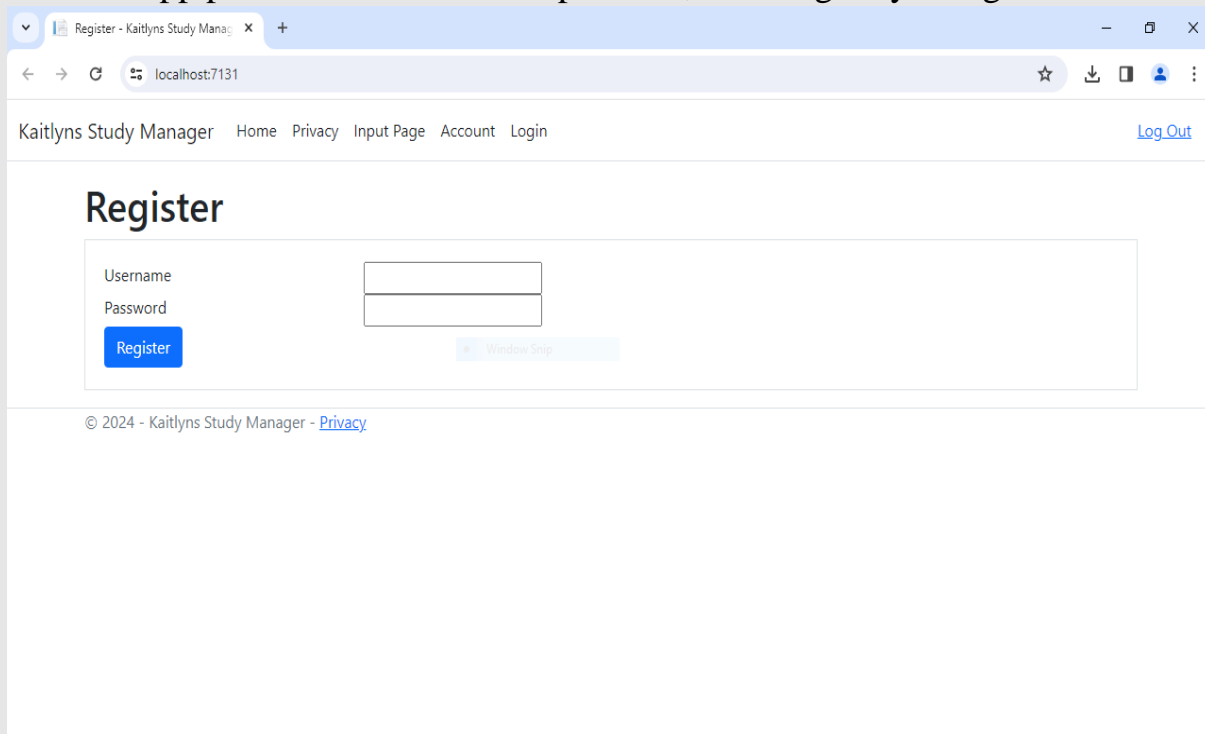

- To start the process, you first need to have visual studio 2022 installed on your device. Once installed you must extract the file if it has not been. Then run the solution file, to launch the official Kaitlyn's Study Manager website.

### *Initial Setup:*

- Upon accessing the web app, follow the initial setup steps to create an account, if required, and configure your academic preferences.

### *Navigating the User Interface:*

- Familiarize yourself with the user-friendly interface of Kaitlyn's Study Manager. The web app provides an intuitive experience, allowing easy navigation.

### 3. Module Management:

#### *Adding Course Modules:*

- Organize your academic journey by adding detailed information about each course module. Use the "Input Page" feature to input essential data such as the course code, name, credits, weekly class hours, and more.

#### *Configuring the Semester:*

- Tailor the app to your specific semester by specifying the number of weeks and setting the start date for the first week. This information forms the foundation for accurate study time calculations.

- 

The screenshot displays a web browser window with the address bar showing 'localhost:7131/Classes'. The page title is 'Kaitlyns Study Manager' and the navigation bar includes links for 'Home', 'Privacy', 'Input Page', 'Account', 'Login', and a 'Log Out' button. The main content area is titled 'Module' and contains a form with the following fields: 'Username' (with a 'Window Snap' button), 'ModuleCode', 'ModuleName', 'Credits', 'Hoursperweek', 'Weekspersemester', and 'StartDate'. Each field is represented by a text input box.

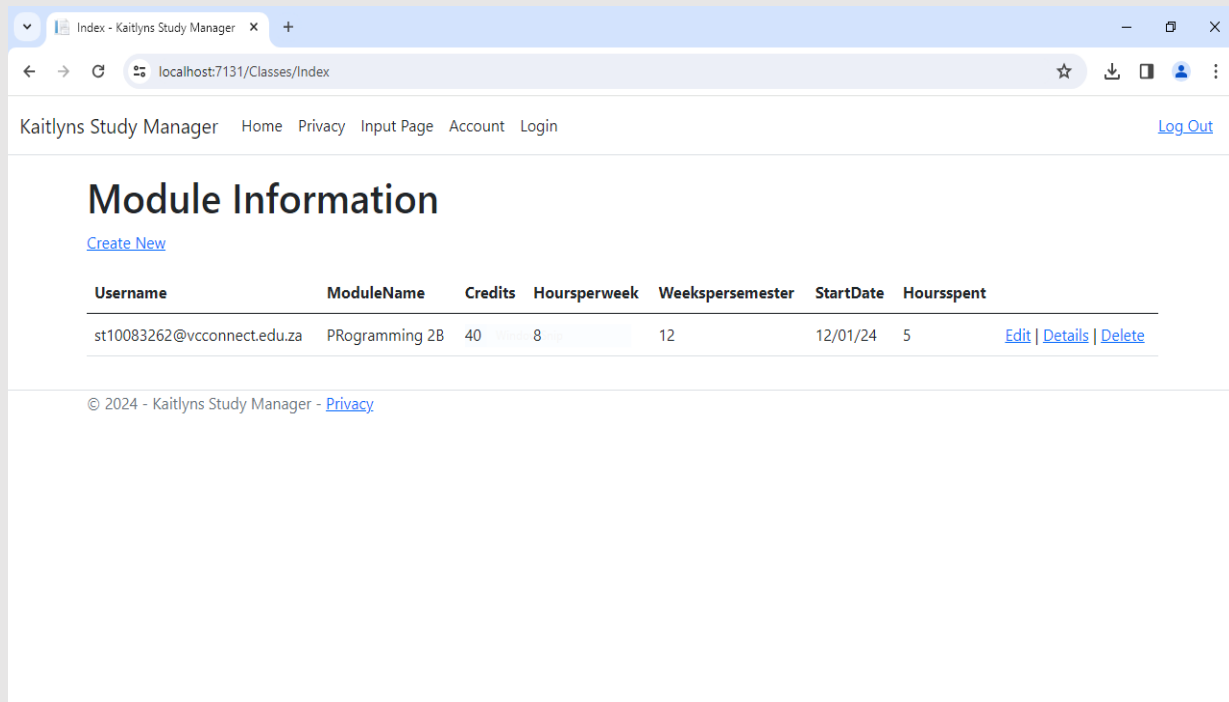

## 4. Study Time Analysis:

### *Understanding Weekly Study Requirements:*

- The heart of Kaitlyn's Study Manager lies in its ability to calculate and display the weekly self-study hours required for each module. This calculation is based on a formula that considers the number of credits, weeks in the semester, and weekly class hours. This insightful metric aids in effective time allocation for your studies.

### *Logging Study Sessions:*

- As you progress through the semester, log the hours you spend on a particular module on specific dates. This feature allows you to maintain a detailed record of your study sessions, providing valuable insights into your study habits over time.

The screenshot shows a web browser window with the address bar at localhost:7131/Classes/Index. The page title is 'Index - Kaitlyn's Study Manager'. The navigation bar includes links for Home, Privacy, Input Page, Account, Login, and a Log Out button. The main content area is titled 'Module Information' and features a 'Create New' link. Below this is a table with the following data:

Username	ModuleName	Credits	Hoursperweek	Weekspersemester	StartDate	Hoursspent	
st10083262@vcconnect.edu.za	PProgramming 2B	40	8	12	12/01/24	5	<a href="#">Edit</a>   <a href="#">Details</a>   <a href="#">Delete</a>

At the bottom of the page, there is a copyright notice: © 2024 - Kaitlyn's Study Manager - [Privacy](#).

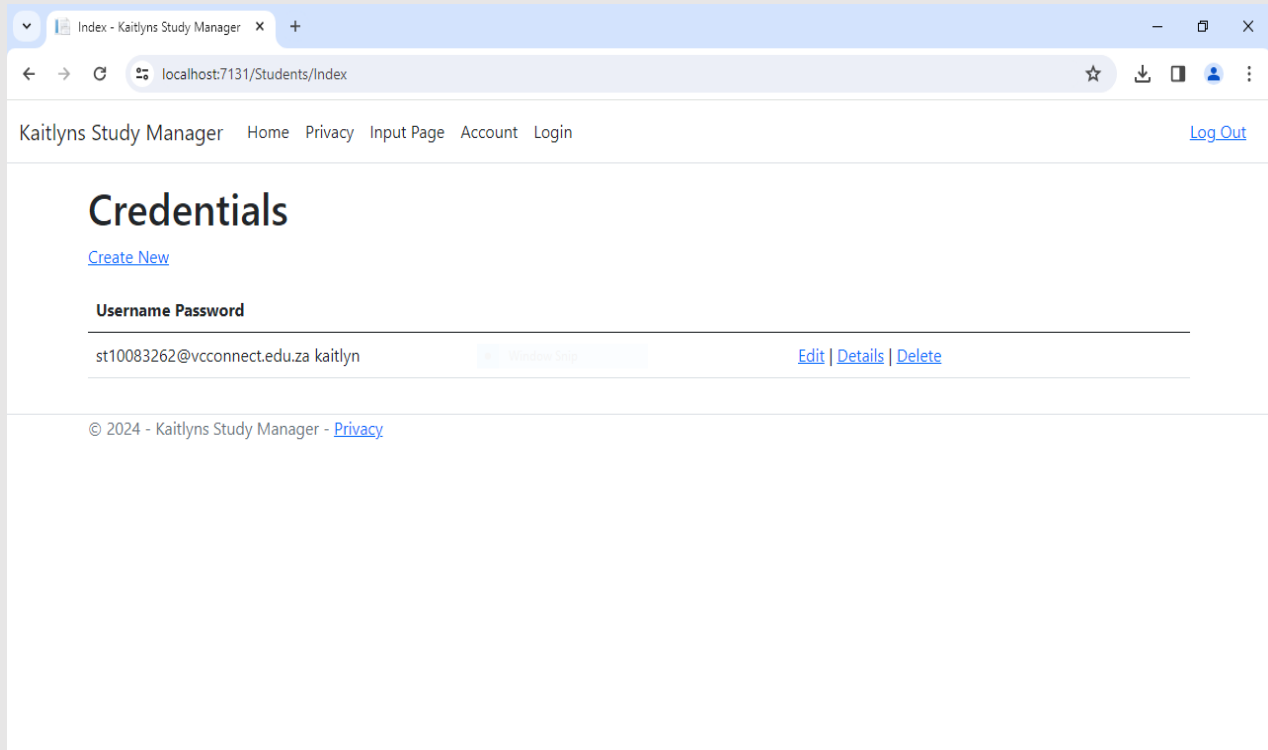

## 5. Dashboard Overview:

### *Exploring the Module Catalog:*

- Navigate to the dashboard to access a comprehensive list of all added modules. Each module entry includes details such as the course code, name, and the calculated self-study hours per week. This catalog serves as a central hub for managing your academic workload.

### *Monitoring Remaining Study Hours:*

- The dashboard dynamically displays the remaining self-study hours for each module in the current week. This real-time information helps you stay on top of your study commitments, ensuring efficient time utilization.

## **6. Troubleshooting Tips:**

- In the event of challenges or unexpected issues, refer to my email via [st10083262@vcconnect.edu.za](mailto:st10083262@vcconnect.edu.za)

### **7. Support Contacts:**

- For personalized support or feedback, our dedicated support team is here to assist you. Reach out via [st10083262@vcconnect.edu.za](mailto:st10083262@vcconnect.edu.za) for prompt and helpful responses.

### **8. Conclusion:**

Congratulations! You've navigated through the expansive features of Kaitlyn's Study Manager web app. This application is designed to empower you in your academic journey, providing insights, organization, and a personalized approach to study management. We hope this tool enhances your study experience and contributes to your academic success. Happy studying!
